

How Vision Benefits of America Works...

www.visionbenefits.com | 1-800-432-4966

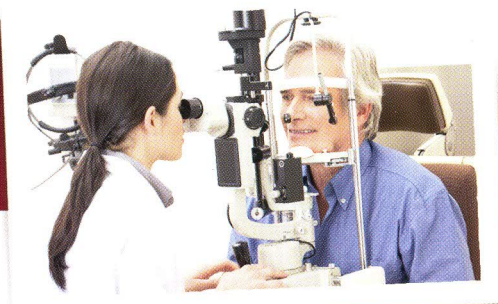

1 Enrollee visits visionbenefits.com to verify eligibility and search for a VBA Provider in their area.

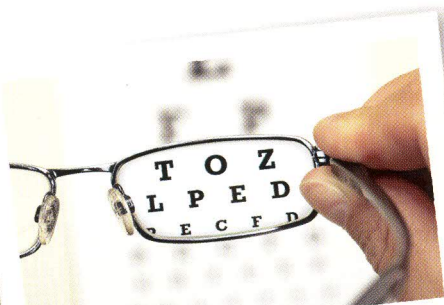

2 Make an appointment with VBA Provider, informing them that you are a VBA covered member.

3 VBA Provider confirms patient eligibility and provides services.

4 VBA Provider orders materials from a VBA contracted lab, verifies accuracy and dispenses Rx to patient.

5 VBA pays the provider for covered professional services according to the plan.
